Contributions to additional activities SURVEY

Dear EOSC Association Members, Dear Colleagues,

On behalf of the European Open Science Cloud Association, we kindly invite you to complete the presented survey. It aims to collect information on in-kind and financial contributions of EOSC Association Members towards the specific and operational objectives, defined in [EOSC Strategic Research and Innovation Agenda \(SRIA\)](#) and the [Memorandum of Understanding](#) between the European Union and the EOSC Association.

The Association is committed to establish an “Additional Activities Plan” (AAP), and to report on it, annually. **Additional Activities** are defined as the contributions from our members (in-kind or financial) towards the objectives defined by the Partnership, as described in the MoU (which are NOT financed by the European Union). As described in the MoU, the Members of the Association have committed to deliver a volume of additional activities totalling to at least €500 million, over the duration of the EOSC Partnership (i.e.: until the end of 2030). These activities will be presented and monitored according to a scheme given by the EC for all co-programmed partnerships. Assessing these additional activities committed and/or spent by the Members on a yearly basis is an obligation which all EOSC Association Members have committed to, by signing up.

The objective of this survey is to **estimate budget provisions by EOSC-Association Members to additional activities in 2022**. This will help us prepare an “Additional Activities Plan” for 2022 with the aim to steer R&I investments towards achieving the Partnership's objectives.

The questionnaire comprises two sections: one general section - Section I ‘Your organization and your profile’; Section II “Monitoring the additional activities in 2022”, requesting information on forecast contributions for 2022.

A third section, Section III “Reporting on the additional activities in 2022”, will be available only to the subset of mandated members who have contributed to the AAP2021. In this section, we are asking those members to report on the contribution they actually provided, in 2021.

Please note:

- Respondents should only take the survey only once;
- If you need to close the survey before you have finished, your information will be saved automatically and will be available (and editable) upon entering the survey;
- Responses are editable until you reach the final page, after which it is not possible to go back to the previous sections of the questionnaire.
- Questions marked with an asterisk (*) are mandatory;

If you wish to study the content of the survey off-line, you can download a PDF copy from here: [EOSC-A AAP Survey 2022 Copy](#).

If you have questions about the survey, please contact the EOSC Association monitoring team, at: [\[monitoring@eosc.eu\]](mailto:monitoring@eosc.eu).

Thank you for your participation, we really appreciate your input.

Privacy

At the EOSC Association (EOSC-A), we take the protection of our members privacy and personal data seriously. This Privacy Policy is in place to protect the personal data of the members of the EOSC Association who will be responding to the “Additional Activity planning and monitoring survey 2022” [<https://eosc.eu/additional-activities-planning-and-reporting>]

As a respondent to the “Additional Activity planning and monitoring survey 2022”, you must be aware that your personal data is collected and maintained by EOSC-Association (the Data Controller).

STORAGE OF PERSONAL AND CUSTOMER INFORMATION

We will store your data for as long as it is necessary for the purposes for which your data is collected, processed, and/or stored and only for the specific and legitimate purpose of ensuring compliance with our reporting duties to the EC on the evolution of EOSC landscape, as agreed by the EOSC-A members with the establishment of the co-programmed EOSC Partnership and the signing of the Memorandum of Understanding, which is therefore a specified, explicit, and legitimate purpose.

Personal data shall be treated securely and only utilised by the EOSC-A staff for the above-mentioned purpose. Any material, regarding the survey results, which is communicated externally to the Association, including the EC, the Association members and the general public, will be anonymised.

EOSC-A recognises the right to the protection of personal data and ensures the application of the current EU and Belgium legal frameworks (EU Regulation 2016/679; the Belgium “DPA Act” of 3 December 2017 and the “Framework Act” of 30 July 2018).

By navigating and using the Survey, respondents acknowledge that they have read, understood, and accepted this Privacy Policy.

EOSC-A is the data controller and Lamapoll GMBH is the data processor for the data gathered in this survey for the purposes specified above and will not transfer your personal data to recipients outside the EU.

Under the General Data Protection Regulation, you have several rights concerning our processing of data about you:

- You have the right to withdraw your consent at any time. If you choose to withdraw your consent, it does not affect the legality of our processing of your personal data based on your previously announced consent and up until the time of withdrawal. Therefore, if you withdraw your consent, it will only have effect from that time.
- You have the right to access the data we process about you, as well as other data.
- You have the right to have inaccurate data about you rectified.
- In exceptional cases, you have the right to have data about you erased before the time of our general erasure.
- In certain cases, you have the right to restrict the processing of your personal data. If you have the right to have the processing restricted, we may in future only process the data – apart from storage – with your consent, or for the purpose of establishing, asserting or defending legal claims, or protecting a person or important public interest.
- In certain cases, you have the right to object to our otherwise lawful processing of your personal data.
- In certain cases, you have the right to receive your personal data in a structured, commonly used, and machine-readable format, as well as to have that personal data transferred from one controller to another without hindrance.

You can read more about your rights at The Belgian Data Protection Agency's if you are unhappy with the way we process your personal data. The Belgian Data Protection Agency's contact details can be found at <https://www.dataprotectionauthority.be>.

COMPLAINT TO THE BELGIAN DATA PROTECTION AGENCY'S

You have the right to lodge a complaint with the Danish Data Protection Agency if you are not satisfied with the way we process your personal data. The Belgian Data Protection Agency's contact details can be found at <https://www.dataprotectionauthority.be>.

CONTACT INFORMATION OF THE DATA PROTECTION OFFICER

If you have any questions about our processing of your data, you can always contact our Data Protection Officer (DPO).

You can contact our DPO in the following ways:

By Mail:

The EOSC Association AISBL
Att. "DPO"
Rue du Trône 62,
BE-1050 Ixelles,
Brussels,
Belgium
Reg.-No. 0755 723 931
Phone: +32475285974

By Email: gdpr@eosc.eu

CHANGES AND VERSION

This version of the Privacy Policy is effective 24th of January 2022.

We may change this privacy policy at any time to comply with applicable law and our practices for the processing of personal data. When you are a member of the EOSC Association, you will receive a notification if we change our privacy policy.

I. YOUR ORGANISATION AND YOUR PROFILE

★ For which organisation is the following information provided?

Organisation	Website
Belnet, Belgisch telematica-onderzoeksn ▼	www.belnet.be

★ In which country is your organisation located (country of residence of operating unit or headquarter)?

Belgium ▼

★ Is your organisation: national / EU / international?

- ☒ National
- ☐ EU
- ☐ International

★ Which category best describes your organisation?

- ☒ Research Funding Organisation
- ☐ Service providing organisations for research (including research infrastructures)
- ☐ Research Performing Organisation (incl. umbrella organisation)
- ☐ Other

★ What is the nature of your organisation?

☒ Public ☐ Private ☐ Public-Private-Partnership

☐ Other

★ Please indicate your EOSC Association Status

☐ Member

☒ Mandated Member

★ Please provide your name and email

First Name

Last Name

Contributions to additional activities SURVEY

II. ADDITIONAL ACTIVITIES 2022 - MONITOR

Please note:

- In the table below eight categories are given by the European Commission in which our members are asked to report their “additional activities”. Each category lists also a certain number of applicable activity types, where you can describe your contributions. In each category, it is also possible to fill in “Other activity type”, for those activities that are relevant under the category headings, but do not fit the predetermined activity types.
- For each activity type that applies to your plans, in each category, please indicate the planned contribution, including “in-kind contribution”¹, for the calendar year 2022, in terms of full-time equivalents (FTEs) and (if possible) the related estimated economic value (€). If you are not intending to spend within a specific type of activity or do not have an estimated value, please indicate this with a zero (0,00).
- For all the types of activities that apply to your AAP, please also provide a short description (max 100 words) and a relevant weblink (if available)
- “In-kind contribution to additional activities” means contribution by partners other than the Union – including their constituent and affiliated entities - consisting of the costs incurred by them in implementing the additional activity less any contribution to those costs from the Union or any other public funding body.

Contributions to additional activities SURVEY

II. ADDITIONAL ACTIVITIES 2022 - MONITOR

Category 1. Support to additional R&I

This category covers: Additional (i.e. not funded through Horizon Europe in the context of the partnership):

- R&I activities funded by a public research funder which is a member of the EOSC Association; AND/OR:
- Additional R&I executed by a public research performer which is a member of the EOSC Association, funded through for instance a regional or national R&I funding programme or its own institutional funding;
- Service provision activities (not funded through EU-programmes), which are relevant for and in line with the objectives of the EOSC partnership, executed by either private-nature or public nature entities, which are members of the EOSC Association, funded through, for instance, a regional or national R&I funding programme or own institutional funding.

Please note that:

- If a private-nature partner has received co-funding for a project from a public entity which IS a member of the EOSC Association, then the entire project should be counted in this category (also the part co-financed by the public entity).

In this category, R&I should be understood as covering the full range of TRL levels.

★ Is the following activity applicable to your organisation?

Activity type 1.1

Upgrade of existing research infrastructures and e-infrastructures that may be federated through EOSC

Applicable

Not applicable

Activity type 1.2

Development and deployment of EOSC-compatible search engines allowing the researchers to explore rich metadata and semantic descriptions in (future) EOSC-connected registers

Activity type 1.3

Deployment of online tools for FAIRification [including to help creating FAIR Data Management Plans]

Activity type 1.4

Development and publication of large-scale studies

Activity type 1.5

Contribution to operating core functions of a Minimum Viable EOSC ecosystem

Activity type 1.6

Other

★ Activity type 1.1

Upgrade of existing research infrastructures and e-infrastructures that may be federated through EOSC

Estimated number of FTEs contributing to additional activities, in 2022

(use commas as a separator for decimal places, with no spaces, e.g.: 7,5)

3,5

Estimated financial contributions including above-mentioned FTE costs, in Euro, for 2022

(use full stops as thousand separators, commas as a separator for decimal places, e.g.: 100.000,00 Euro)

14000

Description (max 100 words)

Construction of new HPC room with capacity of 100Terabytes for open access publication repository to be federated in EOSC through the project xxx

II. ADDITIONAL ACTIVITIES 2022 - MONITOR

Category 2. Scale up of technologies

This category covers different scale-up activities (typically at TRL levels 4-5). These are mostly trials/tests of proof of concept models, i.e. validation of the technology in lab or relevant environment.

These activities must be totally funded and executed only by private entities that are members of the EOSC Association. If there is public co-funding, they should be reported in Category 1.

Is the following activity applicable to your organisation?

Activity type 2.1

Investment done complementing the results of a project, bringing it to a higher TRL level (e.g. EOSC thematic services) or to deployment

Applicable

Not applicable

Activity type 2.2

Uptake of EOSC projects' outcomes (e.g. through adoption of new open specifications, standards for data interoperability, common EOSC frameworks for managing AAI)

Activity type 2.3

Implementation of technical specifications required to provide services through the EOSC

Activity type 2.4

Other

★ Activity type 2.2

Uptake of EOSC projects' outcomes

(e.g. trough adoption of new open specifications, standards for data interoperability, common EOSC frameworks for managing AAI)

Estimated number of FTEs contributing to additional activities, in 2022

(use commas as a separator for decimal places, with no spaces, e.g.: 7,5)

1

Estimated financial contributions including above-mentioned FTE costs, in Euro, for 2022

(use full stops as thousand separators, commas as a separator for decimal places, e.g.: 100.000,00 Euro)

4000

Description (max 100 words)

Adoption of metadata standards for biotechnology domain and creation of an online repository

★ Activity type 2.3

Implementation of technical specifications required to provide services through the EOSC

Estimated number of FTEs contributing to additional activities, in 2022

(use commas as a separator for decimal places, with no spaces, e.g.: 7,5)

5,5

Estimated financial contributions including above-mentioned FTE costs, in Euro, for 2022

(use full stops as thousand separators, commas as a separator for decimal places, e.g.: 100.000,00 Euro)

22000

Description (max 100 words)

federation of an online repository of biotechnology metadata into EOSC according to the specs by EOSC-Future project, D 7.2

Category 4. Creating new business opportunities

This category includes activities which aim at turning a fully developed and functional innovation into a business opportunity. It concerns activities such as investing in start-ups, spin-offs, incubators, accelerators etc. that will take forward the solutions/products developed within the partnership's projects.

Please note that "Creating business opportunities" can only happen once the product or service is available in its fully developed form (i.e. when the "Scale-up of technologies" step is fully finished, and normally also when the "Demonstrators" step has been finished).

★ Is the following activity applicable to your organisation?

	Applicable	Not applicable
Activity type 4.1 Invest in start-ups, spin-offs on solutions developed within the projects	☐	☒
Activity type 4.2 Start incubators/accelerators	☐	☒
Activity type 4.3 Matchmaking between different start-ups, - SMEs, participating companies, stakeholders ..	☐	☒
Activity type 4.4 Investments in procurement of innovative solutions	☐	☒
Activity type 4.5 Other	☐	☒

Category 7. Supporting ecosystem development

Activities to further develop and integrate the R&I ecosystem in the partnership's area, e.g. through knowledge sharing/communication activities with technology clusters, innovation hubs, networking structures and other R&I bodies.

★ Is the following activity applicable to your organisation?

	Applicable	Not applicable
Activity type 7.1 Define and/or test financing models for a long-term EOSC sustainability framework	☐	☒
Activity type 7.2 Development of consensual EOSC frameworks and guidelines (e.g. for interoperability, Authentication and Authorisation infrastructure, the implementation of EOSC rules of participation)	☐	☒
Activity type 7.3 Support to knowledge building and sharing across various research domains	☐	☒
Activity type 7.4 Building industry-academia cooperation (e.g. GAIA-X, HPC or other industry-driven initiatives) at regional, national, or international level	☐	☒
Activity type 7.5 Implementation and/or enforcement of the EOSC Persistent Identifier (PID) policy and architecture	☐	☒
Activity type 7.6 Encouraging and incentivising use of European Research Infrastructure for sharing of research software	☐	☒
Activity type 7.7 Monitoring of EOSC key performance indicators (KPI's), investments and FAIR data production and management	☐	☒
Activity type 7.8 Contributing to a rewards and recognition framework – in and/or outside the organisation- that incentivises FAIR data and Open Science	☐	☒
Activity type 7.9 Activities contributing to strategic and operational alignment, coordination, or synergies with other structures such as Partnerships, Horizon Europe missions, data spaces etc. <u>at EU/international level</u>	☐	☒
Activity type 7.10 Activities contributing to strategic and operational alignment, coordination, or synergies with other structures such as partnerships, Horizon Europe missions, data spaces etc. <u>at national level</u>	☐	☒
Activity type 7.11 Being the contact point or coordination mechanisms for EOSC uptake at national or institutional level	☐	☒
Activity type 7.12 Other	☐	☒

III. ADDITIONAL ACTIVITIES 2021 – REPORT

Please indicate the actual contribution in **2021**, in terms of Human Resources (FTEs) and, possibly, also in terms of economic value (€), in the following categories. If you did not spend any budget within a specific category, please indicate with zeros (0.00).

Please provide us with information whether this **2021** expenditure declaration is provisional (P) or validated (V).

★ Category 1.

Support to additional R&I

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

★ Category 2.

Scale up of technologies

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

★ Category 3.

Demonstrators

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

 Category 4.

Creating new business opportunities

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Provisional

 **Category 5.**

Training & skills development

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Validated

 **Category 6.**

Contribution to the development of new standards, regulations and policies

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Validated

 **Category 7.**

Supporting ecosystem development

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Validated

 **Category 8.**

Communication, dissemination, awareness raising, citizen engagement

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Validated

**Category 9.**

Other

Actual contribution 2021, in FTEs

Please, answer with a number, with one decimal place: 000,0

Actual expenditure 2021 in Euro (€)

Provisional/ validated expenditure

Validated

**Please elaborate as you wish:**

in category one, we spent 3,5 FTEs for an economic value of €14.000 and also invested €111.000 in new HPC machines
