

EOSC Festival – the National Tripartite Event Poland 24th - 26th October 2022, Kraków and online

**GDAŃSK UNIVERSITY
OF TECHNOLOGY**

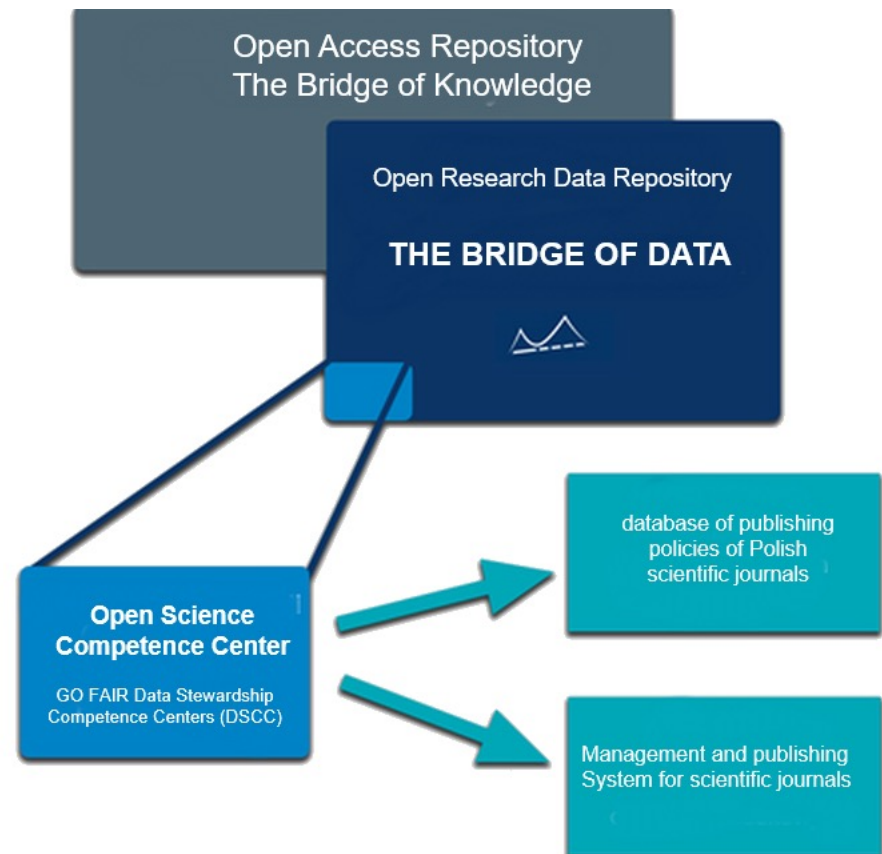

**Tools and services (best practices) by
Open Science Competence Center at
Gdańsk Tech Library**

mgr Magdalena Szuflita-Żurawska

Open Science Competence Center at Gdańsk University of Technology Library

- **Open Science Competence Center** at the Gdańsk University of Technology Library was established upon **the Bridge of Data project** at the end of **2018**.
- The main goal of Open Science (OS) Competence Centre is to offer guidance and support to researchers about publishing in an open access, preparing Data Management Plans and making data accessible in the research data repository

Open Science Competence Center at Gdańsk University of Technology Library

Our services:

- Data Management Plans
- FAIR requirements
- Metadata
- Copyright issues
- The Bridge of Knowledge Platform
- The Bridge of Data repository (research data sharing)
- Virtual Microscope
- Open Access publishing (including Plan S)
- Self-Archiving policies database for Polish scientific journals
- Cross-checking funders' policies
- Webinars & training (support)
- Obligatory lectures for Doctoral students
- Managing and leading working group of **The Polish Chapter of the Data Stewardship Competence Centers IN**
- Journals platform (based on OJS)
- Conference system (based on INDICO)
- Bibliometrics/metrics support
- Data citations
- Repository indexation
- Legal issues database (in progress)

Open Science Competence Center at Gdańsk University of Technology Library

Our infrastructure (Bridge of Knowledge) composed of a CRIS system, repositories (publications, OA publications, and research data), and services that support scholarly practices let us establish a platform for managing and promoting scientific output.

The screenshot shows a user profile on the Bridge of Knowledge platform. At the top, there are navigation links: "for scientist", "for business", "polski", and "institution management". The user is logged in as "Magdalena Szuflińska-Zurawska" with a "logout" button. The main header includes the "BRIDGE OF KNOWLEDGE" logo and a search bar with the text "what are you looking for?". Below the header, there are navigation breadcrumbs: "Main Page > People > S > Magdalena Szuflińska-Zurawska > Profile". A "your profile completeness: 88%" indicator is shown, along with "import" and "turn on edition mode" buttons. The profile section features a circular profile picture of Magdalena Szuflińska-Zurawska. To the right of the picture, her name "Magdalena Szuflińska-Zurawska" is displayed. Below the name, the "Employment" section lists her roles: "Kierownik Sekcji Inf. Nauk-Tech Biblioteki PG at Main Library", "Senior Librarian at Scientific and Technological Information Section", and "Lider Centrum Kompetencji Otwartej Nauki at Gdańsk University of Technology". To the right of the employment information, the "Research fields" section includes buttons for "Scholarly Communication", "Open Access", "Open Data", "Motivation", and "Academic Productivity". Below the profile information, there is a horizontal menu with tabs: "Profile", "Biographical note", "Organizations (7)", "Projects (4)", "Teaching (56)", "Publications (10)", "Achievements (4)", "Scientific posters", and "Presentations". The "Profile" tab is currently selected. Below the menu, the "Research data (42)" section is visible. On the left side of the profile, there is a "Social media" section with buttons for "Twitter", "Research Gate", "LinkedIn", and "Orcid". On the right side, there is a "Publication showcase" section with three entries: "Positive Management of Universities: A Model of Motivation to Strive for Scientific Excellence" (2019), "Wiseorád countries' scientific productivity in the European context: a 10-year perspective using Web of Science and Scopus" (2021), and "Towards Open Research Data in the Economics Discipline" (2022). Each entry includes a brief description and a "Full text available" indicator.
