

The "Mediation and Support" Working Group of the "EOSC-France" Committee

Anne-Sophie Bage, Thomas Jouneau, Sébastien Peyrard

Tripartite Event EOSC-France – 14 June 2023

Agenda

1. Goal
2. Composition of the Working Group

Goal

Define and implement strategies and tools to increase EOSC knowledge and dissemination in France

Resources and actions

- Foster EOSC knowledge and adapt it to specific profiles needs (researchers, research unit directors, infrastructure managers...)
- Define a network of exchange and best practices around disseminating the EOSC in France
- Identify, advise and/or create tools for better EOSC support and advocacy inside French HEI and national research organizations
- Coordinate with existing facilitators around research data in France, e.g. "Ateliers de la donnée" (organizational units dedicated to research data)
