EOSC FESTIVAL 2023
National Tripartite Event
Poland
Open Science Policy and EOSC-related activities at the National Science Centre Poland (NCN)

Aneta Pazik-Aybar
National Science Centre Poland / Basic information

- Established in 2011
- Main basic research funding organisation in Poland

Data for period: March 2011 – December 2022

**Domestic calls***

- 145 calls launched
- 134 calls concluded**
- 27,082 grants awarded
- PLN 13.45 billion funds awarded

**International calls***

- 101 calls launched
- 97 calls concluded
- 788 grants awarded
- PLN 864.62 million funds awarded****

*** The data corresponds to domestic and international calls organized within the framework of international cooperation, the POLONEZ and POROSZKO2020 programmes included in the Horizon 2020 EU Framework Programme for Research and Innovation under the Marie Skłodowska-Curie grant agreement No 604176, costs within the framework of ERA and foreign grants, calls launched jointly with the Polish National Agency for Academic Exchange PAPB, Education and ESP+ LIF calls.

**** The figures include the contribution of the NSC, the funds granted by the European Commission and grants awarded under the Horizon calls.
Open Science – why it matters?

• Ensuring transparency in publicly funded research
• Guaranteeing verifiability of research
• Reusability of results
• Enhancing collaboration
• Increasing visibility of researchers
• Optimizing funding expenditures
NCN Open Access Policy / overview

Open Access to publications

- 2018: NCN becomes a signatory of Plan S and joins cOAlition S
- 2020: Launch of the NCN Policy for Open Access to Publications
- 2021: OA made mandatory for all grant agreements signed after January 1, 2021

Open (FAIR) research data

- 2018: DMP becomes a mandatory section in grant proposals
- The structure is based on the recommendations from Science Europe
- 2020: Launch of the NCN Policy for Open Access to Publications – the underlying data must be shared in accordance with the FAIR principles

CC-SA

CC0
Component of research proposal prepared prior to submitting the funding application
Open Access indirect costs

- An additional 2% of indirect costs is allocated for OA purpose
- Resources at the disposal of the principal investigator
- Publication of results or long-term data storage after the end of the project may be covered from this funds

Trainings

- Research Data Management in specific research disciplines (online)
- Open Access to publications
- Data Management Plans
MOOC Trainings on RDM

2 October 2023

• Launch of four online courses on Research Data Management
• Courses for Researchers and Data Stewards

2000 participants registered
(by 26 October 2023)
Open Science Collaboration

• EOSC Poland Network
• EOSC Association (mandated organisation)
• EOSC Steering Board (national delegate)
• cOAlition S
• Science Europe
• The Council for National Open Science Coordination (CoNOSC)
