

EOSC and the European Health Data Space

Questions posted on Slido

- Will clinical trial data be part of EHDS?
- Secondary use opt-out cannot be achieved (by definition) on anonymized datasets. Is the reuse allowed by default for commercial purposes? Any default license?
- Will Health Data Access Bodies replace Ethics Committees for observational research projects under EHDS?
- EHDS misses key data governance over services - Five Safes compliance, disclosure control, risk assessment etc. EOSC-ENTRUST does. TRE is not the same as SPE
