

## EOSC ASSOCIATION Biennial KPI Survey for EOSC Partnership 2024

Fields marked with \* are mandatory.

Dear EOSC Association Members, dear Colleagues,

You are kindly invited to participate in the EOSC Partnership KPI Survey, as a regular biennial duty of the EOSC-A Association members.

**The aim of this year's questionnaire is to measure the progress of our Key Performance Indicators (KPIs) against the EOSC SRIA objectives, during the years 2022-2023.**

Thanks to your feedback in the previous iteration, the questionnaire has been streamlined, making the process quicker and easier to complete. Your feedback played a crucial role in guiding these changes, and we hope you find these improvements beneficial.

The survey is structured along target groups:

- Research Performing Organisation (RPO)
- Research Funding Organisation (RFO)
- Service Provider (SP)
- ESFRI Research Infrastructure (RI)
- Member/Observer of the EOSC Association

- Monitoring team at the EOSC Association (role reserved for the EOSC-A Secretariat)
- EC/EOSC-A (role is reserved for the EOSC-Association Secretariat and EC representatives)

**You will be asked to identify the type of group that your organisation represents. Upon making the selection/s, you will receive (only) the relevant set of questions.**

As you will notice, each question carries a particular code (e.g.: OO1\_01; SO3\_02), correspond to the KPI code on [the EOSC Partnership Monitoring Framework \(v7.0\) \[link\]](#): **this document may be consulted to clarify the sense of the survey questions.**

The data collected through this survey will be analysed in anonymised and aggregated forms, for the EOSC Focus report of the EOSC Partnership KPI-status assessment, to be published in early spring 2025. The information will also flow into a series of reports for the EOSC Partnership evaluation by the EC.

A series of training workshops will be held to help you navigate this survey and clear any doubts you may have.

**You may register here:** <https://eosc.eu/registration-webinars-for-respondents-to-biennial-kpi-survey-for-eosc-partnership/>

We will be grateful for your feedback on the survey experience. If you wish to share your considerations, please use the optional comment box at the end of this questionnaire.

Thank you very much for your time and support!

\* Please, choose the type/s of organisation that you represent. It is very likely that you may need to choose more than one type.

For example:

- if you are a University, you would very likely choose, at a minimum, 'Research Performing Organisation' + 'EOSC-A member/observer';
- if you are an ESFRI RI, you may need to choose: 'ESFRI RI' + 'Service Provider' + 'EOSC-A member or observer'.

So, please, select **ALL** the types/roles that apply, from the list below:

- Research Performing Organisation (RPO)
- Research Funding Organisation (RFO)
- Service Provider (SP)
- ESFRI Research Infrastructure (RI)
- Member/Observer of the EOSC Association
- Monitoring team at the EOSC Association (role reserved for the EOSC-A Secretariat)
- EC/EOSC-A (role is reserved for the EOSC-Association Secretariat and EC representatives)

### IMPORTANT NOTICE

- Please, only move to the next page if you have selected ALL the relevant boxes from the choices provided above;
- Please, refer your answers to the years 2022-2023
